### **Dress/Separates Rental Policy:**

No fabric may be cut. Uniform Rentals may be altered or hemmed but no fabric can be cut. Please use black thread for hemming to avoid damage when the hem and alterations are removed from the uniform. If heat tape or other glue is used, a charge will be assessed for removing the adhesive.

Do not iron directly - the fabric scorches easily. Please do not mark on the label / tag or remove the labels.

All uniform rentals must be returned in good condition with any hems and alterations removed. Any garment that is damaged will result in the student being charged full price for the item and it will become their personal property.

### **Tuxedo Rental Policy:**

No fabric may be cut. Pants should be hemmed so that they hit the top of the shoe when standing. You may let out / lengthen and shorten hems. Hemming should be done so that it is not visible. Please use black thread. Jacket sleeves may be hemmed so that playing your instrument is not impeded. If heat tape or other glue is used, a charge will be assessed for removing the adhesive.

Regardless of what the label may say, please have pants and coats dry cleaned only. Do not iron directly - the fabric scorches easily. Use a pressing cloth, or the iron setting that is appropriate.

Keep your tux on the hanger to lessen the need for cleaning and ironing - this material wrinkles easily.

All uniforms are to be returned after the last concert on the hanger and in the garment bag that was provided - before dry cleaning. Shirts do not need to be laundered - we will take care of dry cleaning. Any damaged or missing items will incur a charge for replacing the item.

**Size Change**

If a size change is necessary during the school year, please request it at least 2 weeks before any concert to give the directors time to refit and reassign rentals. Our inventory is limited and we will do our best to make adjustments in the time given.
